A Note from Our Director

Déjà vu anyone? It is fascinating that each year something new seems to pop up for us to talk about but in the theme of something old is new again, the past year has continued to be absorbed by the pandemic of COVID-19 and most recently the Delta Variant. While the pandemic has slowed down many aspects of our economy and our ability to travel and connect with each other, the Arkansas State Board of Pharmacy has continued to serve the public and our licensees with unparalleled service throughout this time. While this was not our first foray into the limitations faced by a public health crisis, the last year saw the profession of pharmacy as a major access point for COVID testing and at the end of last year, as the primary point of service for COVID vaccine efforts in Arkansas. Throughout this, the Board of Pharmacy was able to coach and advise many pharmacies, pharmacists, and concerned members of the public regarding the appropriate ways to deliver these services in compliance with pharmacy rules and laws.

The last year also saw a dramatic rise in the number of overdose saves and the number of overdose deaths in Arkansas. Overall, both statistics are dramatic, but it is scary to know that even while more lives are being saved with the use of naloxone, we are still losing more lives than ever to tragic drug overdose deaths. By the end of our fiscal year in the summer of 2021 we had seen over 1,000 saves in our partnered programs to deliver naloxone to first responders in our state, yet in the year of 2020 we once again lost far too many lives to drugs. We would suggest reviewing the www.artakeback.org website again if you have not lately. With the updated tools such as the Arkansas Opioid Dashboard on the website there is more information than ever at your fingertips to see how our state and even your home county are doing in this area. A major focus of the Board of Pharmacy each year has been with the Arkansas Prescription Drug Summit which was delivered virtually in 2020 with the Board of Pharmacy giving a Clinical Track Regulatory Update CE that was well attended and received. As we look forward into the next year, we anticipate having the Drug Summit in Northwest Arkansas and hope to have another great conference.

As a final point, we would like to address an elephant in the room and that is the fact that over the last few years we have heard more and more stories regarding workplace safety, workload and pharmacist and pharmacy staff burnout. I can assure you that these are all issues that the Arkansas State Board of Pharmacy takes very seriously and would encourage our licensees and permit holders to seek meaningful discussions to see how to better work together to address mental health and safety issues in our profession. One valuable tool to review would be “The Pharmacist’s Fundamental Responsibilities and Rights” adopted by the APhA And NASPA Boards in June 2021. The principles set out in this document are intended to state publicly the fundamental rights that are essential to fulfill the professional responsibilities of a pharmacist as outlined in the Oath of a Pharmacist and the Pharmacist Code of Ethics as well as a state’s scope of pharmacy practice laws and rules. These principles are established to guide pharmacists in relationships with employers, patients, and health professionals; and guide those individuals responsible for establishing federal and state laws/regulations/guidance that govern pharmacy practice and healthcare delivery. These principles were developed as a tool to initiate and facilitate conversations between pharmacy staff and their employers which is incredibly important in times of stress like we are all facing today.

Once again, it is our honor to serve Arkansas as we continue to explore opportunities to continue our mission to promote, preserve, and protect the public health, safety, and welfare by and through the effective regulation of the many aspects of the drug delivery system.

Sincerely,

John Clay Kirtley, Pharm.D.

Due to the COVID-19 pandemic, all meetings were held via Zoom and no attendees were allowed in the Board office until the June 2021 Board Meeting when Board members returned to the Board Offices. Reciprocity candidates were also not able to meet with the Board in person during this session. Reciprocity candidates were scheduled to test in the weeks preceding the Board meeting in order to maintain social distancing. The previous Board meeting minutes are approved at the beginning of each new Board meeting and posted online at pharmacyboard.arkansas.gov. Informal conferences are usually held on months without formal board meetings in order to resolve pending licensure issues.
